# DockerCon 2015

# The Event

- San Fransisco 22/23.06.2015
- 2 days
- ~30 talks
- All available on youtube!

# Day 1

The Future of Distributed Applications in 5 Steps

Create lightweight Container — Make container standard, interoperable, easy to use — Create an ecosystem — Enable a Multi-Docker App Model — Create a platform for managing it all

3 GREAT MORE TO COME!

4 DOCKER IN PRODUCTION

5

dockercon 15

# RunC & Notary

- OCP - The Open Container Project
- RunC.io - Multi-platform container runtime.
- Notary - Trusted content distribution C/S.

# Day 2

# Docker 1.7 & Experimental

- ZFS driver!
- Focus on docker without docker…wait wut?!
- UID process owners.
- Userland proxy off for newer kernels.
- Plugins & composability.

# Ones To Watch

- Keynote Day 1
- Docker Plugins
- Docker Security
- Interconnecting containers at scale with NGINX
- The production talks(NYT, Orbitz etc)

# What Next?

## DockerCon Europe 16/17.11.2015 Barcelona
